INDIA NUTRITION COLLABORATIVE ANNOUNCES LAUNCH OF NUTRITION INNOVATION PLATFORM

Delhi: India Nutrition Collaborative today announced the launch of the Nutrition Innovation Platform (PIP) in collaboration with the Office of the Chief Scientific Adviser to the Government of India to strengthen nutrition delivery services. It aims to improve the nutritional levels of terminally ill mothers and children under five years of age. The platform will provide a platform to educational institutions, start-ups, university incubators, civil society networks and businesses in the country to showcase their innovative innovations along with proof of concept. The platform will provide guidance, seed funding and investment opportunities to successfully scale these innovations. PIP was launched by The Catalyst 2030, India Nutrition Collaborative, a new and growing group of organizations across academia, business, government and civil society, and people working to advance good health and care and reduce hunger.
